

# Business Management

## Higher

### What skills will you gain?

Higher Business Management builds on the skills, knowledge and understanding gained at National 5.

You will develop and extend your knowledge and understanding of the ways in which society relies on businesses and other organisations to create employment and generate revenue.

Learn about: enterprise skills and attributes; business-related financial matters; how businesses and other organisations improve overall performance and effectiveness and understand the main effects that external influences have on large organisations.

### What units will I study?

Business Management: Understanding Business  
Business Management: Management of People and Finance

Business Management: Management of Marketing and Operations

### Entry Requirements?

National 5 pass in English or another literary subject. Also demonstrate an interest in the sector and have a satisfactory reference

### How and where will I study?

Virtual classes use online technologies, such as Google Hangouts, in timetabled sessions and will have a college lecturer in virtual attendance during the class.

### How will I be assessed?

A combination of internal assessment on completion of units, an external Business Management question paper and a business-related assignment.

### Where will it take me?

Higher Business Management is a suitable preparation for entry to higher education courses in business or further study in other academic or vocational subjects.

### How do I apply?

Application is online. Please speak to your guidance teacher.
