

Maritime Skills

Skills for Work National 5

What skills will you gain?

This introductory National 5 course will develop the skills, knowledge and attitudes needed for work in all areas of the maritime industry.

If you have an interest in boats and the maritime sector and enjoy learning in a hands-on setting, then this course will introduce you to many basic maritime skills.

You will work with our industry professionals, benefitting from their real life experience aboard ship.

We can help you make informed choices regarding a career in marine industries.

What units will I study?

A selection from below:

Small Boat Engineering

Employability Skills in the Maritime Sector

Health and Safety in the Maritime Sector

The Marine Environment

Seamanship

Ropes and Knots

RYA Level 1 Powerboat

Entry Requirements?

You should be working at or towards National 4 level, demonstrate a keen interest in the subject have a satisfactory reference.

How and where will I study?

You will work with our lecturers in your school or at your local college centre.

How will I be assessed?

You will be assessed by completing practical and written tests under supervision from your tutor.

Where will it take me?

If you successfully complete at National 5, you could apply for our full time Certificate in Maritime Skills or our NC Shipping and Maritime Operations or employment in the maritime field.

How do I apply?

You will apply online. Please speak to your school guidance teacher for more information.
